*now until the end of the event, RiConfigure team members will be available on Slack to assist you

3pm-4:45pm Kick-off Session and Collaboration Session Monday (ZOOM)

Welcome and introduction by the Project Coordination
Short survey: Get to know each other

***Johannes Starkbaum (IHS, AT): Building structure to foster collaborative innovation**

The first input session will include RiConfigure's findings on the importance of building structure to foster collaborative innovation in Open Innovation or Quadruple Helix Collaborations.

Zoom breakout groups: practitioner and policymaker perspectives

5:00pm  **New Slack material:**
Videos: Elias Carayannis (GWU, US) on Quadruple Helix and Gerry Salole (EFC, BE) on civil society engagement
RiConfigure student project video
Questions and discussion points from breakout sessions

Tuesday July 7th

9:00am **Slack: Key insights from previous day and impressions so far**

10:00am on  **Slack:** Moderators facilitate discussion of practitioner and policymaker for solution oriented output

3pm-4:45pm Collaboration Session Tuesday (ZOOM)

***Kathrine Collin Hagen (DBT, DK) and Francisco A. Gonzáles Estay (ACAC, CO): Engaging civil society**

Brief input on RiConfigure's findings based on our field work on *engaging civil society in innovation processes*. The focus in this session is on the challenges and tools of including civil society actors

Zoom breakout groups: practitioner and policymaker interactive whiteboard sessions

Wrap-up and summary in Zoom

Wednesday July 8th

9:00am **Slack: Key insights from previous day and impressions so far**

10:00am on  **Slack:** Moderators facilitate discussion of practitioner and policymaker for solution oriented output

3pm-4:45pm Collaboration Session Wednesday (ZOOM)

***Alfonso Alfonsi (FAO, IT) and Claudia Colonnello (FAO, IT): Governance and external impacts on innovation**

The final input of RiConfigure's finding will concentrate on governance and external impacts on innovation collaborations.

The challenges for Quadruple Helix Collaborations are not only rooted in the collaboration process but can be influenced

by factors such as funding ecosystems and values, expectations and influences from outside the collaboration

Zoom breakout groups: practitioner and policymaker interactive whiteboard sessions

Wrap-up and summary in Zoom
